

Generating a Coach ID

Coaches need an ID number also. This has to be generated from the coach's page in the team log in. You cannot generate a Coach ID from the Coach Profile in the Club log in. Log into your team account then click on HOME then COACH. An ID number should be listed for each coach next to the Coach's Name.

The ID number will have the form of NJ9cccnnn, where 9ccc is the club number and nnn is a sequence number.

If an ID number has not been generated, there should be a button that asks if you want to generate an ID number. Clicking on this button will generate the coach's ID number.

The ID number will be printed on the roster and the coaches passes even if the roster has been frozen.

If the ID number was generated earlier in the registration process, the ID number may have a different form. That number is acceptable also.

If you are entering a new coach for the team, click on the appropriate tab at the top of the Coach Information, that is Head Coach, Asst Coach, Asst 2, Asst 3. Input the data required on the form. Note: the Date of Birth is not required for coaches and will not be printed on the roster if entered.
